

Trend in the share of applicants from abroad

Year	Total number of applicants	No. of applicants from abroad
2022	58	24
2023	25	10
2024	203	41
2025	127	49

There is an upward trend in the number of applicants from outside the country in the selection processes organized by the institute. This reflects the increasing attractiveness of the institution internationally and contributes to the diversification of the research environment.
