

COMPETITION ANNOUNCEMENT

for the filling of a unique temporary vacant contractual position

The “Petru Poni” Institute of Macromolecular Chemistry (ICMPP), headquartered in Iași, 41A Aleea Grigore Ghica Vodă, Iași County, organizes a competition for filling a unique temporary vacant contractual position, in accordance with Government Decision no. 1336/28.10.2022 and Emergency Ordinance no. 156/30.12.2024, Article VII (1) and (2), as follows:

Field	Details
Position title	Expert I (specialization - innovation, knowledge / technology transfer), COR code 242106
Number of positions	1 temporary vacant position
Position level	Execution position
Department / Structure	Communication, Projects and Technology Transfer Unit
Working time	Full time, 8 hours per day; 40 hours per week
Duration	Fixed-term

General participation requirements

The general participation requirements are those provided by Article 15 of Government Decision no. 1336/28.10.2022 approving the Framework Regulation on the organization and career development of contractual staff in the public sector paid from public funds.

- holds Romanian citizenship or the citizenship of another Member State of the European Union, of a state party to the Agreement on the European Economic Area (EEA), or Swiss Confederation citizenship;
- knows the Romanian language, both written and spoken;
- has the capacity to work in accordance with the provisions of Law no. 53/2003 - Labor Code, republished, as subsequently amended and supplemented;
- has a state of health appropriate for the position applied for, certified on the basis of a medical certificate issued by the family doctor or by authorized health care units;
- meets the education requirements, seniority in the specialty and, as the case may be, other specific requirements according to the requirements of the position announced for competition;
- has not been finally convicted of an offense against national security, authority, humanity, corruption or service-related offenses, forgery offenses or offenses against the administration of justice, offenses committed intentionally that would make a person incompatible with the exercise of the contractual position for which they apply, except where rehabilitation has intervened;
- is not serving a complementary penalty by which the right to occupy the position, to exercise the profession or trade, or to carry out the activity used to commit the offense has been prohibited, and no safety measure prohibiting the occupation of a position or the exercise of a profession has been ordered against them;
- has not committed the offenses provided for in Article 1 para. (2) of Law no. 118/2019 regarding the National Automated Register concerning persons who have committed sexual offenses, exploitation offenses against persons or minors, as well as for supplementing Law no. 76/2008 regarding the

organization and functioning of the National Judicial Genetic Data System, as subsequently amended, for the fields provided for in Article 35 para. (1) letter h).

Specific requirements

- Long-cycle higher education completed with a bachelor's degree, or Bologna-cycle higher education completed with a bachelor's degree;
- Length of service: at least 7 years;
- Foreign languages: independent-user level knowledge of English (reading, writing, speaking);
- Advanced Microsoft Office skills;
- Specific requirements: proven experience in the transfer of knowledge and scientific research and innovation results to public and private partners; experience in research activity and in marketing / market studies is an advantage; ability to self-organize and prioritize tasks; engineering studies documented by diplomas are an advantage; availability for travel in Romania and abroad.

Description of duties corresponding to the position

- Carrying out and coordinating the transfer of knowledge and technology from the Institute to the private sector and other organizations;
- Contributing to the drafting of ICMPP's strategic plan for the development of technology transfer and knowledge transfer activities;
- Coordinating, identifying, mapping, and monitoring research results (technologies, solutions, services, products, patents, etc.) with potential economic applications in collaboration with research departments;
- Planning and coordinating dissemination and promotion activities for transferable research results, including regular visits and meetings with existing and potential private partners and with partners and investors from the public sector;
- Promoting collaborations with industry partners, including through joint projects and research / service contracts;
- Compiling and managing the database of existing and potential partners and investors from the private and public sectors;
- Ensuring representation of the Institute in local and regional clusters and in national and international platforms in order to increase visibility and expand the partner base for technology and knowledge transfer;
- Contributing to the development and implementation of the marketing strategy for promoting the Institute's research capabilities and technologies;
- Organizing networking events and workshops with existing and potential partners and with public sector partners and investors;
- Coordinating the monitoring and identification of national / international research programs offering the potential to obtain innovative results together with other research results, as well as implementing and managing a system for tracking interactions with industry partners, investors, and other stakeholders;
- Participating in periodic training carried out by specialists in the field.

Application file

- **a)** competition application form, according to the model provided in Annex no. 2 to the Framework Regulation on the organization and career development of contractual staff;
- **b)** copy of the identity card or any other document attesting identity, according to the law, valid at the time of submission;
- **c)** copy of the marriage certificate or another document by which the change of name was made, where applicable;

- **d)** copies of the documents attesting the level of studies and of other documents attesting the completion of specializations, as well as copies of the documents attesting fulfillment of the specific conditions requested by the public authority or institution;
- **e)** copy of the employment record book and of the certificate issued by the employer for the period worked, attesting length of service;
- **f)** criminal record certificate or, as the case may be, an extract from the criminal record;
- **g)** medical certificate attesting the state of health appropriate for the position, issued by the candidate's family doctor or by authorized health care units no more than 6 months before the conduct of the competition;
- **h)** at least two recommendations supporting experience in knowledge and technology transfer;
- **i)** Curriculum Vitae, Europass model.

Competition calendar

No.	Activity	Date and time
1	Publication of the announcement	03.03.2025
2	Submission of application files at the "Petru Poni" Institute of Macromolecular Chemistry Iași, 41A Aleea Grigore Ghica Vodă, Iași County	10.03.2025, 15:00
3	Selection of application files by the competition committee members and posting on the ICMPP website	11.03.2025, 16:00
4	Submission of appeals regarding the file selection results	12.03.2025, 12:00
5	Publication of the appeal resolution result	12.03.2025, 16:00
6	Written examination	18.03.2025, 10:00
7	Publication of the written examination result	19.03.2025, 10:00
8	Submission of appeals regarding the written examination result	20.03.2025, 12:00
9	Publication of the appeal resolution result	20.03.2025, 16:00
10	Interview	21.03.2025, 10:00
11	Communication of the results after the interview	21.03.2025, 16:00
12	Submission of appeals regarding the interview result	24.03.2025, 12:00
13	Publication of the appeal resolution result	24.03.2025, 15:00
14	Publication of the final competition result	24.03.2025, 16:00
