ANNOUNCEMENT
regarding the interview

In accordance with the minutes of the interview stage concluded on September 29, 2026, regarding the competition to fill a temporary vacancy for the position of Scientific Research Assistant (ACS) – Master's student member – within the project "Exploiting the multifunctionality of tailored polysaccharides in the design of nanostructured sorbents for wastewater treatment" (acronym: MPSorb)—part of the National Research, Development, and Innovation Program 2022–2027 (PNCDI IV)—the competition committee has noted and decided the following:

No.	Identification code assigned to the candidate	Score	Status
1.	4142	10,00	ACCEPTED

Any appeals may be submitted by September 30, 2026, at 14:00, at the Institute's headquarters.

The final result will be published on October 1, 2026, at 12:00.

**This announcement was published on the Institute's website – "Competitions" section –
by the Competition Committee Secretary on September 29, 2026.**
